A WORLD OF POSSIBILITIES

As both an educator and a parent, I know that a child's happiness and sense of belonging shape everything that follows in their education. At The Lisbon, we are building a community where every child can flourish.

We want students to arrive each day curious about what they will discover, confident that their voice matters and that their passions will be encouraged. Learning here goes beyond knowledge. It helps young people develop character, resilience, and a deeper understanding of their place in the world.

Guided by kindness, curiosity, connectedness, resilience, and integrity, our students grow into thoughtful individuals ready to contribute with purpose.

A COMMUNITY WITH SOUL WHERE CHILDREN CAN FLOURISH

Located in the heart of Lisbon, The Lisboan is a school shaped by the city around it within the neighbourhood of Alcântara. Built on the historic site of a 1908 pasta factory, the campus blends heritage with a modern environment designed for nurturing curiosity, creativity and meaningful learning. From the industrial-inspired metal window frames to the beautifully restored flour silo, every detail has been thoughtfully curated to create a building with genuine soul and purpose.

THE BEGINNING OF SOMETHING MEANINGFUL

We believe the strongest schools are built in partnership with families, working together for the growth and wellbeing of their child.
